Marianjoy's Toys for Tots Toy Collection Drive

Benefits Marianjoy pediatric patients and their siblings

Since 2007, Santa and his elves from the Toys for Tots (TFT) organization have come to Marianjoy for a holiday party, giving our youngest patients an opportunity to visit with Santa, share their wish lists and receive a bag full of toys. TFT has donation collection sites throughout the Chicago area and this year, Marianjoy Rehabilitation Hospital, part of Northwestern Medicine, is one of those sites. The toys that we collect will be distributed to our pediatric patients and their siblings during the TFT holiday party in December.

We appreciate any donation. However, because so many of our children have special needs, our pediatric team has compiled a list of toy suggestions. Please note that toys should be new and not gift wrapped. We ask that no toy value exceed \$50.

Collection dates

November 19 through December 5, 2018

Donation boxes are located on the Wheaton campus in the lobby and outside the cafeteria. Additional donation boxes are available at our Oakbrook Terrace location.

Suggested list of toys on back >

Suggested toy donations
