Meet the Other Half of Your Team

Continue your recovery with our exceptional outpatient therapy team. You can expect:

- One-on-one, individualized treatment sessions with licensed and certified professionals
- A focus on your continued long-term success with independent strategies and a home exercise program
- A variety of specialty programs and services to meet your needs, including physical, occupational and speech therapy; balance and vestibular assessment and treatment; driver rehabilitation; and prosthetic and orthotic evaluations.

Ask your case manager, therapist or nurse for more information or call 630.909.7150.
